STERLINK_{MINI} Low Temperature Plasma Steriliser

7 MINUTES

- 1** World's first 7 minute total sterilisation cycle to inactivate microorganisms.
- 2** Can sterilise non-metal & metal medical devices even those with high lumen characteristics & micro-sized equipment.
- 3** Fast sterilisation saves on expensive inventory eg. handpieces & instruments.
- 4** Save on cycle validation.
- 5** Eco friendly – decomposing residual H_2O_2 into water and oxygen.
- 6** Not suitable for sterilisation of cotton, gauze or fabrics.
- 7** No cooling or aerosolisation required
- 8** No spacing required between pouches
